**Subject:** RE: PFAS Network call - OECA Memo

Hi-

I am not aware of the memo, but can reach out to my HQs POC to see if I can get a copy- I would have to do a little digging to see if we had any other sites which would qualify.

Thanks, Leah.

## Ex. 5 Deliberative Process (DP)

Does the memo say anything about reaching out to the states for suggestions on sites?

I'm copying Laura Mohollen from SEMD on this. Laura, are you familiar with the memo that Leah mentions below? Does SEMD have any other DuPont/Chemours site in the Region that would qualify?

Thanks,

Rick

**Subject:** PFAS Network call - OECA Memo

Hi Rick and Jeanna – I just had the bi-monthly PFAS internal call and there was mention from OECA of a memo that recently was sent to the Superfund program. The memo is soliciting Chemours/DuPont sites in the early stages of evaluation (site assessment or prelim assessment) Ex. 5 Deliberative Process (DP) There is criteria listed in the memo for the sites that could be evaluated, and sites currently outside of the SF program can be included.

It does not seem like the Washington Works facility would qualify, but I thought I'd let you know in case there might be some others in the region of which I am not aware.

Thanks!

Leah
